

## Scm Group acquires control of Mecal Machinery

*Scm Group becomes one of the world leaders in machinery and systems for processing aluminium and PVC profiles. The partnership completes the group's offer with high-tech solutions for the window and door, mechanical and transport industries.*

Scm Group, global leader in technologies for processing a wide range of materials, has signed the closing for the acquisition of 51% of Mecal Machinery, specialised in the production of machinery and systems for processing aluminium, PVC and light alloys.

Mecal Machinery, based in Pavia, is a vertically integrated company with a 100% made in Italy production with 190 employees and a turnover of 45 million euros.

*'The entry of Mecal Machinery into the group,' emphasises **Marco Mancini**, CEO of the Scm Group, 'allows us to enter a new market segment, enhancing the range of technologies and services already offered by the Group. The Partnership with Mecal Machinery, like the one signed in June with Tecno Logica in the highly innovative industrial plant sector, opens up important new business opportunities for us at international level'.*

**Ennio Cavezzale**, owner-partner of Mecal Machinery, adds: *'Becoming part of a solid multinational company like Scm Group guarantees Mecal a role as a global leader in its sector, leveraging the Scm Group's capillary sales and service organisation'.*

Cavezzale remains a shareholder of the Lombard company with the role of Chairman of the Board.

---

**Scm Group** is a global leader in technologies for machining a wide range of materials and industrial components. Across the globe, the group's companies act as highly reliable partners to leading industries in a wide range of product sectors, from furniture to construction, automotive to aerospace, and yachting to plastic machining.
